EXECUTIVE SUMMARY

Yale-educated physician with a Master of Science in Health Informatics and Analytics, combining expertise in psychiatry, evidence-based medicine, and clinical reasoning with graduate training in healthcare technology. Experienced interpreting complex clinical information, navigating healthcare workflows, and translating medical evidence and data into clear, structured, actionable insights for multidisciplinary audiences. Brings physician-level clinical judgment, analytical problem-solving, and informatics expertise to the evaluation, validation, and optimization of AI-enabled healthcare solutions.

CORE COMPETENCIES

Clinical Expertise

- Psychiatry
- Neuroscience
- Psychopharmacology
- Evidence-Based Medicine
- Clinical Decision Making
- Diagnostic Reasoning

Scientific Communication

- Scientific Communication
- Medical Literature Review
- Evidence Synthesis
- Medical Education
- Technical Writing
- Cross-functional Collaboration

AI, Informatics & Clinical Data

- Health Informatics
- Clinical Data Interpretation
- Clinical Decision Support
- Medical Knowledge Validation
- Quality Assurance
- Health Information Systems
- Prior Authorization Workflows

Technical Skills

- Epic
- CPRS
- Meditech
- Microsoft Office
- Advanced Excel
- SQL (graduate coursework)
- SPSS
- Adobe Acrobat

PROFESSIONAL EXPERIENCE

Medical Consultant (Contract) – Selected/Onboarding

Encompass Communications and Learning, Inc.

2026–Present

- Selected for a contract Medical Consultant pool supporting clinical and scientific review of life-sciences materials for medical accuracy, completeness, and effective communication.
- Completed contracting and onboarding requirements; initial project assignment pending.

Academic Educator & Content Facilitator

Huntington Learning Center

2024–Present

- Translate complex concepts into clear, structured instruction tailored to diverse learners.
- Top-performing SAT Math tutor by average score improvement, with students achieving an average 130-point increase.
- **Recognition:** Teacher of the Month (November 2024).

Resident Physician

LSU Health Sciences Center – Psychiatry

2021–2023

- Synthesized evidence-based recommendations for multidisciplinary healthcare teams across inpatient, outpatient, consultation-liaison, geriatric, and Veterans Affairs settings.
- Evaluated complex psychiatric presentations and severe mental illness, conducting acute safety and risk assessments by integrating patient history, diagnostic findings, clinical guidelines, and current medical literature.
- Managed psychopharmacologic treatment plans, including medication initiation and adjustment, and completed prior-authorization workflows using CoverMyMeds to support patient access to prescribed therapies.
- Participated in quality improvement initiatives focused on patient safety and evidence-based clinical practice.

Resident Physician

UCF / HCA North Florida

2020–2021

- Served on the Medication Error Committee supporting institutional patient safety initiatives.
- Participated in medication prescribing and adjustment across Internal Medicine, Critical Care, Family Medicine, Women's Health, and Psychiatry rotations within a multidisciplinary Transitional Year program.
- Elected Class Representative, collaborating with Graduate Medical Education leadership regarding resident education and program improvement.

SCIENTIFIC COMMUNICATION & CLINICAL SCHOLARSHIP

Demonstrated experience communicating scientific research and complex clinical information to professional audiences.

Research Presentations

Alexander A, Bright MA.

Adverse Childhood Experiences (ACEs) and the Cortisol Awakening Response in Children

University of Florida Celebration of Research Day
Oral Presentation

Markota M, Hanson CD, Alexander A.

Relationship Between Self-Actualization and Anticipated Benefits of Care in Psychiatric Treatment

American Psychiatric Association Annual Meeting
Poster Presentation

Balvaneda B, Hanson CD, Alexander A.

Investigating the Relationship Between Religiosity and Expectations of Treatment

American Psychiatric Association Annual Meeting
Poster Presentation

Clinical Presentations

Developed and delivered evidence-based educational presentations covering:

- Psychopharmacology
- Depression
- ADHD
- Women's Health
- Geriatrics
- Delirium
- Capacity Assessment
- Ophthalmology

EDUCATION

Master of Science

Health Informatics and Analytics
Florida International University

Doctor of Medicine

University of Florida College of Medicine
Lawrence M. Goodman Scholarship

Bachelor of Science, Psychology
Yale University

CERTIFICATIONS

Lean Six Sigma Yellow Belt

PROFESSIONAL DEVELOPMENT

Stanford University (Coursera)

Writing in the Sciences

Expected Completion: September 2026

PROFESSIONAL AFFILIATIONS

American Medical Writers Association
(AMWA)

PROFESSIONAL INTERESTS

Clinical Artificial Intelligence •
Healthcare AI • Medical Knowledge
Evaluation • Clinical Decision Support •
Health Informatics • Clinical Quality
Improvement • AI Safety in Medicine
